

## Flash Actionscript Developer

### What we want:

Digital and Direct (DAD) are looking for a talented and enthusiastic Flash/Actionscript developer to join our growing digital team.

This role is pivotal for bringing to life the cutting edge creative designs DAD produces for our growing list of digital clients. An important part of the role is in educating the creative team about what is possible.

This is an excellent opportunity for a Flash/Actionscript developer looking to push their own knowledge to the next level at an exciting time at Digital and Direct.

### What you'll do:

- Responsible for the production of Flash deliverables (from banners to full websites).
- Work closely with the digital creative team to bring to bring alive their cutting edge creative designs.
- Work closely with the development team to ensure full integration into digital deliverables.
- Participate in creative briefings to highlight the possible in terms of flash.
- Keep yourself up-to-date and ahead of the game in terms of innovations in the Flash development arena.

### What you need:

- At least 3 years experience of working as a Flash developer within a digital agency environment.
- Good working knowledge of XML and able to demonstrate using within Flash.
- Demonstrate a wealth of experience producing object orientated AS3 applications including websites, games, social media and mobile.
- Knowledge of best practices, accessibility and SEO for flash websites.
- Demonstrate a passion for Actionscript development and a drive to keep themselves up-to-date with the latest technologies and innovations.
