

Flash/Actionscript Developer (DAD029)

The Role

Digital and Direct (DAD) are looking for a talented and enthusiastic Flash/Actionscript developer to join our growing digital team.

The successful applicant will be able to demonstrate a wealth of experience producing object orientated Actionscript 3 applications to meet our growing client needs. These will include websites, banners, games, and mobile applications.

Candidates will demonstrate a passion for Actionscript development and a drive to keep themselves up-to-date with the latest technologies and innovations. Ours is a fast-paced environment, and the ability to remain focussed under pressure, organise the demands placed on your time and work to very tight deadlines will prove vital.

This role is pivotal for bringing to life the cutting edge creative designs DAD produces for our growing list of digital clients. An important part of the role is in educating the creative team about what is possible. This is an excellent opportunity for a Flash/Actionscript developer looking to push their own knowledge to the next level at an exciting time at Digital and Direct.
